Propertybase GO Highlights

A platform designed to drive agent engagement & increase productivity with:

- ✓ Mobile-responsive interface
- ✓ Data-driven actionable dashboard with brokerage news feed
- ✓ Brokerage & agent websites with industry-best MLS & IDX integrations
- ✓ Back office with compliance-driven transaction management
- ✓ Email & digital marketing tools

...solutions such as this are by their nature accessed en mass every day. So why not help customers use that to their advantage? Propertybase does this by including an internal content and news feed above the fold on its dashboard. It's a simple but smart feature; it creates a sense of inclusion and promotes engagement with the software." – Craig Rowe, Inman Technology Reporter
